

# BRING E-WASTE TO GOLD COAST RECYCLING

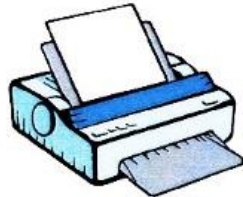

**E**lectronic waste – commonly called e-waste – is increasingly becoming a critical environmental problem as people and businesses are discarding their personal computers, monitors, televisions, VCRs DVDs, stereos and cell phones upon purchasing new, faster and more sophisticated electronic equipment.

Please, do not throw away your electronic equipment. Help save the environment by bringing them to Gold Coast Recycling Center and Transfer Station for safe – and free – recycling.
