The board members of the GCSC convened an organizational meeting to plan the agenda for the upcoming public meeting scheduled to Nov 2nd 6:30 PM at the Gazebo.

- 1.) Discussion focused on the gate and Arundale Rd. It was decided that a summary of issues regarding this would go out with the agenda for the meeting so residents could come prepared to provide their input.
- 2.) Rose Augustine, Treasurer, presented a current statement so we could determine the status of the funds since the turnover from the TTCL. Fee collection, a system to keep track of owners, tenants and houses, and the bookkeeping in general were discussed.
- 3.) Enforcement of fee collection, parking, trash, lights etc were discussed. It was determined that we would need to form a committee, including residents, to come up with a set of policies so everyone would know and understand the procedures for maintaining a smooth running organization and community. A headless committee, in fact, was formed and plans to meet on Tues, Oct 24th at 6:30 and Mark Lee's to start this process.
- 4.) Miscellaneous discussion included: 1. Obtaining a complete copy of the insurance policy. 2. Getting e-mail addresses of as many residents as possible to facilitate communication and cut down on paper costs. 3. Looking into ways to invest for the short term the monies specifically set aside for the road. 4. Assessing the continuing problems at the trash site. (We concluded for the moment that there were clear improvements, but greater cooperation from all who use the site would make it even better.) 5. Completing documents to be submitted to the IRS.

Respectfully submitted by Trina Grantham, Secretary

Laura Crowley –president
