

COMMERCIAL HAZARDOUS WASTE DISPOSAL

Businesses generating less than **100 kg.** (about 220 lbs.) of hazardous waste, or **1 kg.** (about 2 lbs.) of an acutely hazardous waste, in a calendar month qualify as Conditionally Exempt Small Quantity Generators (CESQGs). The County of Ventura provides a low-cost hazardous waste disposal program for CESQGs, offering reduced disposal costs compared to directly contracting a hazardous waste hauler. For more information, please call **(805) 914-1460**.

USED MOTOR OILS & FILTERS

You do not have to wait for your local HHW collection event to dispose of used motor oil or filters, as these can be recycled **free of charge** at any of the 80+ Certified Collection Centers (CCC's) in Ventura County. For more information, visit **CalRecycle's** convenient database of **CCC's** to find drop-off locations near you, easily searchable by zip code, by scanning the QR code, or by visiting www2.calrecycle.ca.gov/UsedOil/CertifiedCenters.

OTHER HAZARDOUS MATERIALS

Some hazardous waste may require special handling beyond what our collection services are permitted to provide. We are constantly updating our website with helpful resources to assist residents with the safe handling and disposal of these unique items. Please visit us at vcpublicworks.org/hhw, or scan the QR code below for more information.
